## Reflection on 2019

2019 has been a good year for your village hall with many successful events having taken place, weekly community groups going from strength to strength and numerous improvements to the facilities and structure of the hall having been carried out. Support of the hall in its many forms, from you, the community, has been solid, as ever, and without it we could not move forward to realise our goal of continuous improvement.

Notable achievements being the renewal of the roof over the main hall, a new water/heating boiler for the annex and the acquisition of outside furniture.

Many organisations, individuals and local businesses have generously donated funds to make these improvements possible. The committee appealed for new members in January and successfully recruited two individuals. The headcount currently stands at 7 but we would always welcome new members to bring new skills and ideas. If you are interested please contact Carolyn Bell on 01282 842718.
